

WEDDING FAVOR BAGS

This PDF provides space to put in your own names and wedding date. Simply type in both your names and wedding date where indicated in the design below. If you'd like to keep a copy of your changes, select "Save As" in the File menu. *Note: Text can only be replaced where indicated.*

Print the second page of this PDF using the highest settings on your color printer to ensure that the delicate text is crisp and clear. Place the bag upright in color printer with the top of the bag sticking up. Set print settings to custom paper size of 5 x 8 in. and print the design directly onto a 5in. wide paper bag. (*Note: The image is upside down because printers print from the top down.) Fill bag with tasty treats!

Help maintain freshness and keep sweets from leaving oil stains on the paper bag by lining with a glassine envelope. *Add a little more detail to the bag and scallop the top with a pair of pinking shears or rotary cutter.
